

March 19, 2021

We are about to begin on another exciting membership year! April 1 marks the start of our membership campaign and we invite you to become an ALIGN member or renew your membership with ALIGN. Thank you to our past members for their support during 2020 through 2021.

The past year has proven to be challenging for individuals and families as we all continue to deal with the effects of the pandemic virus. ALIGN has been a strong voice for our member agencies in advocating with government to ensure needs of those working in this sector are met. We have continuously provided meaningful communication for our members with important updates and impacts for agencies. We hope you have experienced the value in your ALIGN membership and we look forward to having you as a member this coming year.

Our focus continues to support and develop the Occupational Health and Safety activities, indigenous cultural understanding, training and advocacy for the whole child welfare and disabilities sector. We are committed to seeing the COVID communication continue as well as long as it is needed.

Please complete our membership application form about your agency either by hand or online. Collecting this information every year helps us keep our contact information up to date as well as obtain data about our membership base. You will also see a survey soon so we can update our information and our ability to advocate.

For your convenience, membership payments can be made by requesting an invoice from our office and mailing a check, calling our office to pay via credit card or paying directly online. Our Board has established a membership policy effective this year. Membership payments are due within 60 days of invoice at which time member benefits will not be available unless membership is current.

We value your membership with ALIGN and look forward to another successful membership year!

Sincerely,

A handwritten signature in black ink, appearing to read "Rhonda Barraclough".
