Introducing EcoHold

HOT or COLD Banqueting Cart that doesn't require electricity, batteries or cables

The Future of Food Transport is Here

Introducing the EcoHold 32 - a premium banqueting cart designed to keep food at the perfect temperature, no matter the event. Built with high-grade steel and packed with innovative features, the EcoHold 32 is engineered to withstand the demands of commercial kitchens and ensure optimal food quality.

The EcoHold 32 utilizes **THERMOFLEX TECHNOLOGY** to achieve even heat distribution through controlled venting, keeping your food hot or cold without the need for electricity, batteries, or cables.

HOT stays HOT

Powered by up to 6 EcoBurners, the EcoHold keeps food warm evenly throughout the cart by clever venting. Temperature of the cart can be adjusted by adding EcoBurners to increase heat or removing them to reduce it.

COLD stays COLD

To switch to COLD Service, simply allow the EcoHold to cool to room temperature and insert frozen COOL PACKS. Maintains an even chilled temperature throughout service and transportation.

Standard Capacity

Each EcoHold 32 is designed to accommodate up to 32 GN 1/1 food pans, making it ideal for serving buffets at large-scale events.
