

Mathcounts School Round Results

Mathcounts is one of the most prestigious and challenging competitions for middle school students. Top performers in each round advance through School, Chapter, State, and National rounds. Over 80 students participated in the RMS School round on Friday, December 6th. Congratulations to our top 10 finishers for advancing to the Lake Washington Chapter round!*

The top 4 finishers among them will represent RMS as our official school team in team competition. Top finishers in the LWSD Chapter round on February 22 will advance to the Washington State round on March 21. The top 4 finishers in Washington State will then advance to an all-expenses-paid trip to the Nationals in Orlando in May. The event will be televised on ESPN 3, so let's hope to see some RMS faces on the broadcast!

*Please note that due to LWSD and PTSA policy, we cannot include student names in Bear Tracks.

Math Is Cool Deadline

The RMS deadline for Math Is Cool registration is January 3. Please be sure to indicate your participation and team affiliation on the signup sheet provided in Math Club emails.

Knights of Pi Math Tournament Date Announced

The Knights of Pi Math Tournament (KPMT) will be held at Newport High School on the afternoon of March 7. Please use the signup sheet to indicate teams.
