

## From the Editor...

This is the last edition of Bear Tracks for 2019-2020. For families, friends, students and staff members that are leaving RMS, we are sad to say goodbye but wish you the very best in your new schools! For incoming Grizzlies, we look forward to getting to know you next year! A special thanks goes out to all PTSA volunteers that dedicate their time, effort, skills, and heart. Our organization would not be what it is without hardworking parents, guardians, staff, and community members.

It has been an unprecedented school year, and due to COVID-19 and possibly more remote learning, next year will certainly be different in the way that RMS PTSA functions. Many of our events may be administered online and on virtual platforms. Some clubs and organizations may be virtual instead of meeting physically. Whatever changes are required, we will strive to adapt as we serve the needs of the students and community.

We hope you have considered Bear Tracks to be a valuable part of the way you receive school information. Please keep an eye out over the summer for email communications about PTSA and school start-up information. If you have any comments or suggestions, please submit your thoughts on our [Bear Tracks End-of-Year Survey](#). Stay healthy and have a great summer!

Sincerely,  
Bear Tracks Editors
