

Showcase your Business

The St Marys Area Chamber will be taking appointments for our enhanced website marketing program that will offer your business a measurable return on your marketing investment.

The sessions will take place **February 2nd and February 5th** with our Chamber partner, Steve Benner of CrossPointe Interactive. The presentation takes approximately 30 minutes and will be at the Quality Inn and Suites 1410 Commerce Drive, St Marys Ohio 45885.

Your company will achieve enhanced visibility by taking advantage of the opportunity to display your business information and virtual sponsorship on several different locations throughout the Chamber's website.

This **member-only** benefit provides a wide range of affordable, cost-effective opportunities to promote your business' goods or services and drive online traffic to your company's website, with options for all member businesses - no matter your business size or budget.

Please contact Steve at (937) 825-8163 or email the form below to secure your preferred day and time. Steve will confirm your appointment once they receive your form.
