

# Business Education for Teachers Program

## LEARN & EARN

- **Be the best in your profession**
- **Make business contacts and turn them into classroom allies**
- **Be recognized by school administrators and business leaders**
- **Gain an understanding of what employers need from today's students**
- **Earn a \$700 stipend**

Our Economic Development Corporations, Local ISDs and Workforce Solutions Texoma are joining together to offer teachers, counselors and administrators an exciting opportunity to enhance their teaching skills by working with local companies. This experience will help create a better understanding between business and education which will ultimately benefit students who want to enter the local workforce.

**Everyone will win with this program so please give this opportunity your careful consideration.**

**Return your completed application to Julie Baula by May 17, 2022.**

A major goal of the project is to ensure the teachers, counselors and administrators involved are able to take what they have seen and learned to their students. The real value of the experience can be best measured by looking at changes in teaching styles or the ability to provide students with the relevance of what they are learning in regards to why they need to learn it, and how they can expect to use it in the world of work.
