

NEIGHBORHOOD ASSOCIATION NIGHT AT LPHS NOVEMBER 3 at 6:30PM

Dear Neighbor,

My name is Amy Zemnick and I, along with Principal Michael Boraz and Alderman Michele Smith, co-founded the #1school1community initiative at Lincoln Park High School. This group started in an effort to make Lincoln Park High School the #1 choice for high school for our neighborhood families. It is our strong belief that great schools are the cornerstone of our communities and while many of the neighborhood elementary schools are strong, many families still struggle and stress about high school options. We believe that Lincoln Park High School can provide a terrific education for every student. Therefore, it is our mission to educate the community on all the wonderful educational and extracurricular opportunities that LPHS has to offer.

We are holding a Neighborhood Association night on **November 3 at 6:30 PM at Lincoln Park High School**. This night will include a presentation about the #1school1community initiative as well as a school tour. We will also provide a light dinner.

We hope that you will pass along this invitation to your members so they can come and see for themselves the incredible happenings at Lincoln Park High School.

Please RSVP and reach out with any questions to 1school1communitylphs@gmail.com. Also, you can view our informational website at <http://www.1school1community.com/>

Looking forward to meeting you on November 3rd.

Best,

Amy Zemnick
Chair
