## Enrollment Tips

### Scanning ID Document

- Do not use a document that is heavily damaged or expired
- Ensure the document is not obstructed by fingers, shadows or glare
- Take the photo in a well lit area with a dark solid background
- The barcode (if applicable) must be clearly visible
- If after taking a photo of the document several times you continue to see messages about the barcode, simply click next to continue your enrollment

### Taking a Selfie

- Take the photo in a bright, evenly lit area with no shadows and a solid background
- Take photo indoors within a stable environment (e.g. not in a moving vehicle)
- Remove masks, heavy glasses, hats, very long bangs
- Hold the phone level with your eyes and keep a neutral expression
- If you have trouble taking the photo, use the back arrow at the top left to move back one step and begin the selfie process again

### Liveness Selfie Scan

- Ensure you are in a bright, evenly lit area
- Increase the brightness of your phone screen
- Hold still without speaking or looking away during the scan

## Vaccine Verification Tips

### Scanning Your CDC Card

- Do not use a document that is heavily damaged or expired
- Ensure the document is not obstructed by fingers, shadows, stickers, or glare.
