Membership Meeting – Recall Q&A

May 15, 2022

Aloha LAX,

We understand there are a lot of questions regarding the recent recall of our MEC-P and MEC-VP, Joni Kashiwai and Scott Henton. We would like to avail some time to answer any questions that you may have about the process, what has transpired and what is to come as the Constitution and Bylaws (C&Bs) are something that may not be familiar to some. We also understand that our LAX communications are shared with HNL members which is not a problem but, we must be clear that this membership meeting is only for Council 47 – LAX members for no other reason than to allow the Council 43 leadership to communicate to their members. Please view the agenda below.
