Voter Registration

With Primary and General elections coming soon, we want to remind you to keep your voter registration updated!!

If you live in CA, HI, OR, or WA, these states will have absentee/mail-in ballots for the upcoming elections. Below we have added links to the states most of us reside in. If you have changed your address or name since the last election please be sure to update that information. It is important to the future of our lives as Flights Attendants that everyone be registered to vote and to actually VOTE. It is not about who you vote for but that you do indeed vote. Please take a moment of your time and check the links below to ensure you are registered. If your state doesn't offer mail-in ballots, please sign up for an absentee ballot.
