Re: CRAF, update

Dear Fellow Flight Attendants,

Earlier today, the AFA and then company advised our members that the Federal government was asking Hawaiian Airlines to assist with their Civil Reserve Air Fleet (CRAF) bidding. The company asked the AFA to work on assisting this request and there was little time to gather the much needed information for resolution.

However, as the company indicated a short time ago, we were offered a reprieve by the government. We now have some time to learn more about what is being asked of Hawaiian Airlines and our Flight Attendant group. While we wait for additional information, there are still many questions that remain. Please know that we appreciate your patience and understanding as we are reviewing any related language to such flying as well as actively working with our Staff Negotiator and Staff Attorney.

Once we get the necessary information, we will send out MEC communications and will be available to answer any questions. As of this writing, we do not have a concrete timeline. Again, thank you for your patience during this difficult time for troop and ally withdrawal in Afghanistan.

In Unity,

Joni, Scott, Chasity, Jaci-Ann, Josh
and the entire AFA Leadership
