

Dear Membership,

September 24, 2020

The House and Senate have introduced stand alone legislation for a Payroll Support Program clean extension. It is still our hope for a complete covid relief bill to help all Americans. But we need to keep calling and tweeting both the House and Senate. The link below makes it easy to tweet.

Let's all keep calling our Congressional leaders not only in Hawai'i but also those of us living in CA, WA, OR, NV, and AZ. Three calls, two to your Senators and one to your House Member. You can use the 888 numbers or call their offices directly.

*"Hello, I am a constituent calling to tell my (Senator/Representative) that aviation workers need a relief package before October 1 to stop mass job loss and cuts to small airports that also hurts other Americans who count on air service to get their medicines in the mail. Both parties and the White House are on record with overwhelming support for an extension to the Payroll Support Program for essential workers and to keep service in place to small communities. But words of support won't keep us flying or help us pay our bills. We need action TODAY. Cosponsor H.R. 8345(House bill)/S.4634 (Senate bill) to save our jobs! In [6] days we're out of work and millions are hurting without this extension and a full COVID relief bill! Keep us connected to our jobs, paychecks, & healthcare. We are counting on you. Thank you."*
