Despite comments made during the election meeting, the vote I made today reflected the sentiment of the Council 47-LAX members and was not a political move for self-serving reasons. Lines of communication between myself and the Flight Attendants are always open and are 2-ways. Without me even soliciting opinions for candidates, there was an outpour of emails, phone calls and texts and based off of those interactions, I made my nominations. If anyone has any questions on how I voted, please feel free to contact me.

Mahalo,
Joshua Aoki
LEC-President
Council 47/LAX
