

July 28, 2020

Hi Everyone,

It is just amazing the great work you have all done. Hawaii members have by far exceeded any expectations I imagined. So again, thank you and congratulations on a job well done!

I just got off the phone with Stephen Schembs, our AFA-CWA Government Affairs Director. We in Hawaii achieved in the first week with all your calls, the support of House Members Case and Gabbard, and Senators Schatz and Hirono in their support of a Clean Extension to the CARES Act Payroll Support program though 03/31/2021. That being said, we ask that we **STOP CALLING** their offices as of today. Letting them concentrate on other issues important to Hawaii.

We will now be focusing on the new "HUBDIALER" system that will start tomorrow focusing on calling AFA members in states where we need Senatorial support AZ, NV, WA, AK. If you would like to join in making these calls to our fellow AFA-CWA members, please reach out to me and I can walk you through the process. If you could give just 30 minutes to 1 hour each day through the weekend calling our AFA members in these states, I know again Hawaiian will show our strength.

Please text or call me if you are willing to volunteer for making these important calls and a time you are available. Those of you who have used the Hubdialer system to make calls we ask that you keep doing so today through the current system. All that will change tomorrow is the focusing of the states where we need to fight for Senatorial support!

PS. Please remember I am on Pacific time!

Stronger Together,
