

## AFA-CWA LEC ALERT

Local Executive Council 43, Honolulu-Base

November 8, 2021

**re: INTL FAQs, COVID-19 vaccination**

Dear Fellow Flight Attendants:

Please know that days ago, our International Office in Washington, D.C. provided this vaccination Frequently Asked Questions (FAQs) information for all AFA-CWA Flight Attendants. Knowing that not all members receive the optional updates from the AFA-CWA, we believe that some of your questions may be answered with this document.

INTL FAQs: [https://www.afacwa.org/faqs\\_covid\\_vaccinations](https://www.afacwa.org/faqs_covid_vaccinations)

If you would like to opt-in for the updates from the AFA-CWA (International office – AFA Interactive), please click here: <https://afanewsletters.org/subscribe/>

Notably, there are several separate communications - one from the: INTL office, Master Executive Council (MEC) and then the Local Executive Council (LEC 43, Honolulu-base).

The pandemic has been difficult for all of us to navigate through. As information and policies change, our INTL office attempts to ensure that we have answers for your inquiries and concerns.

With the many changes that are coming up, it is important to ensure that both the company and the AFA-CWA are able to understand and address you as things evolve. Thank you for your patience and understanding as we currently await a company update regarding the Biden Administration's January 4, 2022 extension possibly this week.

Stronger Together, Better Together,  
Jaci-Ann, Kahea, Kerri and  
The Entire Council 43 Leadership Team
