

## AFA-CWA ALERT

Local Executive Council 43, Honolulu-Base

February 3, 2021

### **re: National Group Protection, HNL Open Enrollment**

Dear Flight Attendants:

Due to the state's travel restrictions, it has been challenging to solidify dates for NGP's annual open enrollment visit. We had countless tentative arrangements through the months and have recently confirmed their next visit.

For those of you who are familiar with the Ben and Christine's presence in the lounge, we will have to pivot due to the SIDA/AOA change. The company is providing rooms at the corporate headquarters for you to meet with NGP.

Please note the dates and times that NGP will be available. Should you have any questions, you are welcome to reach out to NGP.

Stronger Together, Better Together,  
Jaci-Ann, Kahea, Kerri and the entire AFA Leadership

---
