## Virtual LAX AFA Briefings

Aloha LAX,

As your local officers, we officially meet twice a month (though we're always texting and talking outside of those meetings too LOL). During our first meeting of 2025, we took some time to share our goals as leaders and one of the big ones was to be more accessible to all of you.

Because of the close-knit vibe of our base and the relationships we've built, we've always felt pretty accessible. But with all the recent transfers in and out of our base, we know that not everyone might feel comfortable texting or calling an officer directly—and that's okay. We discussed ways to make it easier for everyone to connect with us, and we're excited to announce that we'll be starting virtual briefings in the LAX lounge.

Here is what's to come:

- We'll start with once-a-week briefings.
- An officer will be on 15 minutes before your check-in on designated days.
- A schedule will be posted before the start of each month.

These virtual briefings are a chance for you to hear updates on what's happening with AFA, get reminders on important contractual information, and to ask us any questions you may have.

Mahalo to Gina Lorenzo, LAX Inflight Supervisor, for helping us make this happen. We hope that you folks find these new briefings useful and we are always open to hearing feedback as well.

In Solidarity,

**Joshua Aoki**  
LEC President
