

Hotel & Transportation Committee

Hawaiian Airlines Association of Flight Attendants - CWA

January 14, 2021

Dear Flight Attendants,

Due to the ongoing global pandemic, the high number of reported cases and deaths in New York City, and multiple closures of restaurants and entertainment venues, the collective decision has been made to extend our stay at the TWA Hotel at JFK through the end of March 2021.

As your MEC Hotel Committee Chairperson, I will travel to New York City once the quarantine has been lifted. Our hotel accommodations process is to work along with the ALPA representative and company representatives to conduct hotel site inspections at several properties to secure a long-term hotel.

In the time being, and as a courtesy, the TWA Hotel has provided each crew member with a \$20 food voucher valid at any time of the day in their food hall, which is now open on a 24-hour basis. The JFK Terminal 5 food court is also open now on a 24-hour basis. All guest room mini bars have been cleared to allow for food storage and hot water kettles can be ordered by calling reception.

If you have any hotel or transportations write-ups, please submit them through the Crewzit App. Also, should you have any questions or concerns, please do not hesitate to email me at Matt.Mitchell@hawaiianmec.org

We hope you will continue to enjoy this temporary change to our JFK layover. For more information: <https://www.twahotel.com/>

Mahalo,
Matt Mitchell
MEC Hotel & Transportation Committee Chair
