*“The function of freedom is to free someone else.” - Toni Morrison*

July 23, 2021

Aloha Fellow Flight Attendants –

As first responders in the sky, we are the eyes and ears for those subjected to Human Trafficking. The following is information from our International office in Washington, D.C. regarding human trafficking. We are asking for your help in taking the 5 – 10 minutes survey.

### **Help End Human Trafficking: Take the Survey**

AFA-CWA is partnering with [United Against Slavery](#) in a global effort to end the scourge of human trafficking. As Flight Attendants and aviation's first responders, we are uniquely positioned to identify human traffickers and assist their victims. Human trafficking is a billion-dollar business, but Flight Attendants can be 100,000 Eyes in the Skies to recognize and report it. We can be the ones to make the difference.

Historical efforts to gather and understand information to implement effective solutions for this crime have been a challenge and success seemed unattainable. Why? They have not involved collecting the knowledge that only those on the frontlines have. [Take the survey >](#)

We believe that the transportation industry can leverage data collection and predictive analysis to:

- inform awareness and training programs
- focus legislation
- improve enforcement and preventative actions, and
- improve survivor resource allocation to drive more effective outcomes over the next decade

The survey is presently open and scheduled to close on September 1, 2021. If you want to bypass registration, cursor down to “skip registration” and go directly to the survey. Any assistance you can provide to help us get the word out will go a long way in helping to wipe out the global scourge that is Human Trafficking.

Thank you for taking the time to read this communication. Please continue to take care of yourself and loved ones.

Stronger Together, Better Together,  
Junior Avei, MEC Human Rights Committee Chair
