

## AFA-CWA ALERT

Local Executive Council 43, Honolulu-Base

April 5, 2021

re: COVID-19 VACCINATION POSSIBILITY @ LCC, general

Dear Flight Attendants:

The AFL-CIO in Hawaii has provided this update!

*“The City & County of Honolulu has an update for those of you who are currently eligible but were not able to schedule your vaccination appointment. Leeward Community College (LCC) has vaccination appointments available today and next week for essential workers. You must schedule an appointment.*

*For more information and how to schedule, please [click here](#)*

*To reiterate, the link states, “Appointments are released as vaccinations are secured. An online appointment must be secured and walk-ins are not allowed. Currently, the Leeward CC vaccination site will only administer the Moderna COVID-19 vaccine.”*

Please continue to take care of yourselves and one another!

Stronger Together, Better Together,  
Jaci-Ann, Kahea, Kerri and the entire AFA Leadership
