Dear 8th Grade Parents/Guardians,

Each year, as part of the 8th grade STEM experience, the students spend much of the third trimester designing and building cardboard boats. The goal of this project is to build a boat for a staff member, and have that staff member navigate the boat across the pool at the Old Mill during our annual STEM Regatta. I am happy to share that the boats are looking great and that our students are very much looking forward to an exciting boat race.

This year, the STEM Regatta will take place on June 5, 2023 (June 9 rain date). At 12:15pm, 8th-grade students, under the supervision of their teachers, will walk up to the Old Mill. The Woodcliff Lake Police Department will be providing an escort for additional safety during the walk to and from the pool. After the boat race, students will walk back to Woodcliff Middle School.

Your permission is required to allow your child to walk to and from the Woodcliff Lake Old Mill Pool located at 1 Werimus Road on the date of the STEM Regatta. Please use the section below to grant permission for your child to participate in the event.

Thank you for your continued support of our STEM Program.

Regards,

Thomas Nikolaidis
STEM Instructor

Please sign the slip below and return to the main office by **May 30, 2023**.

_____ Yes, my child has permission to walk to and from the Woodcliff Lake Old Mill Pool on June 5, 2023 for the STEM Regatta.

_____ No, my child does not have permission and will not be participating in the STEM Regatta.

Student Name: _____
