Alyssa Alhadeff, a former Woodcliff Lake NJ student and avid soccer player, lost her life in the horrific events on February 14th in Parkland, FL at just 14 years old. She was loved by all who knew her. Alyssa loved soccer!

Before moving to Florida, Alyssa spent her formative years playing soccer on the fields of Bergen County and trained in the Superdome along with her younger brothers. With her beautiful smile, big heart and competitive spirit, she represented the best in all our children!

With the local community rocked by events in Parkland and the loss of Alyssa, we at the Superdome will be hosting a Community Night filled with fun sports and activities, special classes and clinics, and great food and merchandise for sale. The entire facility will be offering sports and activities for everyone, parents and kids!! We choose to #LifeForAlyssa by celebrating the way Alyssa lived life to the fullest. We hope to bring more awareness to the importance of better protecting all children in all of our schools.

Come join us for a night of great fun and remembrance!

On behalf of the Community,
we want to thank all
the sponsors who have
contributed so graciously
to giving the kids a special
night:

Superdome Sports
Mindy's Munchies
Inflatables
Dairy Queen of Allendale
Natale's Pizzeria
Trade Manage Capital
Art Brainz
Arsenal Soccer Club
NJ Stallions
NY Redbulls
New York FC

....and countless other
individuals and businesses
all of whom are helping
to make this happen, with
many more to come in the
next two weeks!

Want to get involved? Please
email us directly at..

March 18th will be a special night! Alyssa lived life to the fullest. I was privileged to be her youth soccer coach for several years and later watched with great pride as she grew into a special young woman. She flourished in Florida, a freshman in high school and a great soccer player on a wonderful Club team. And in a blink, she was taken from her family so unfairly. She represented the best in all of us, the best in all our children.

Alyssa loved life. She loved soccer and her teammates. We want to honor her passion for life with a special evening at the Superdome. It will be a great time for everyone as we celebrate her and the lives of all the children of all our Communities. We welcome everyone from any town and, any community to come join us on **March 18th, from 530pm to 830pm at the Superdome!**

My wife and I have dedicated the entire facility to the event. We'll have nearly 80,000 square feet of field turf for sports like soccer, volleyball, bubble ball, relay races and other sports. We have party rooms where we'll have Arts&Crafts classes, Dance classes and other special activities! We have food and merchandise for sale. We'll have a silent auction and other special events happening during the course of the evening. We have several professional athletes and celebrities expected to attend! And 100% of all registration fees and monies from sponsors and vendors will be donated in Alyssa's memory to the causes that her family is so passionate about supporting! We hope you come join us for this special evening of fun! #LiveForAlyssa!
