Pop in for a Cervical Check

May 29, 2026

No Appointment Necessary

HAVE YOU HAD A PAP TEST IN THE LAST THREE YEARS?

The Colposcopy Clinic at St. Joseph's Hospital is holding a drop-in Cervical Screening Clinic.

Open to individuals 25 and older, the clinic will feature the latest and best in cervical screening (formerly known as a pap test) with Ontario's switch to HPV testing. **Better test, less often**! Most people with normal results will only need screening every five years instead of three.

May 29 from 9 am to 12 pm
St. Joseph's Hospital
268 Grosvenor St., London, ON
Colposcopy Clinic, Zone B,
Level 4, Room B4-507
