# Child Find Screening

## for children ages 3-5

The Marinette School District provides a developmental screening as a service to the parents of young children who live within our boundaries. The screening is designed to provide an overall developmental review to any child between the ages of three and five years.

Parents/guardians will fill out a questionnaire regarding their child's development while their child participates in a play-based screening. Specialists will address any questions or concerns.

**Refreshments will be offered and each family will be sent home with a free goodie bag!**
