

Introductory laboratory (2 positions)

The Department of Biology at Harvey Mudd College seeks adjunct faculty to teach in our introductory biology laboratory in the spring of 2020. The laboratory is taken by first year non-major students and involves the application of molecular biology techniques to problems in human genetics, bioengineering, and environmental sensing. Teaching in this course would involve coming to campus several afternoons per week. Successful applicants will have a strong background in molecular biology and interest in teaching. If interested, please contact Eliot Bush, chair of the Biology Department (Eliot_Bush@hmc.edu). Harvey Mudd College is an equal opportunity employer and is committed to the recruitment of candidates historically underrepresented on college faculties.

Upper level molecular elective (1 position)

The Department of Biology at Harvey Mudd College seeks adjunct faculty to teach an upper level elective in an area of molecular and cellular biology. Possible topics include immunology, developmental biology, and cancer, among others. The course would be taught in the spring of 2020 and students would consist of junior and senior biology majors. A successful applicant will have a strong background in the area of focus and interest in teaching. If interested, please contact Eliot Bush, chair of the Biology Department (Eliot_Bush@hmc.edu). Harvey Mudd College is an equal opportunity employer and is committed to the recruitment of candidates historically underrepresented on college faculties.

Ecology (1 position)

The Department of Biology at Harvey Mudd College seeks adjunct faculty to teach introductory ecology in the spring of 2020. The course is typically taken by sophomore, junior, and senior biology majors. A successful applicant will have a strong background in ecology and interest in teaching. If interested, please contact Eliot Bush, chair of the Biology Department (Eliot_Bush@hmc.edu). Harvey Mudd College is an equal opportunity employer and is committed to the recruitment of candidates historically underrepresented on college faculties.
