

Lutheran Outdoor Ministry Center is one of the treasures of the ELCA in Northern Illinois. LOMC offers summer camps for children, retreat opportunities for adult groups, availability to rent housing for family get-aways during the off season, and the possibility of just spending a day hiking their beautiful nature trails.

LOMC is truly a spiritual and fun place.

- Geneva Lutheran has a **Work Day planned at LOMC on July 9, 2022**. We'll have more details as we get closer to this date. Our work will likely involve trail maintenance or some deep cleaning opportunities at the very least. This is a perfect opportunity to serve at a facility you may already know and love, or to become acquainted with this amazing place for the first time.
- LOMC has two general work days scheduled for May 7th and May 14th. If July 9th doesn't work for your calendar you are welcome to attend these two work days. Visit their website for more information. <https://lomc.org/work-days/>
- Your time commitment on July 9 can be flexible. Transportation will be on your own, carpooling is encouraged. Families are welcome!

LOMC also asks that if anyone from GLC is a Thrivent member, and wants to create a Thrivent Action Team, they can help guide that process as well.

Stay tuned!
