

GLC Worker Bees, come participate in our Work Day at LOMC!

We will be scraping and painting the Health Center ramp and steps. Sprucing up these access points will improve both safety and appearance.

All necessary supplies will be on hand, just wear comfortable, weather-appropriate clothing that can get messy. Closed-toed shoes would likely be best.

Transportation is 'on your own'; feel free to carpool with others, of course. Let's aim to arrive at 9:00 am. Your drive west should take about an hour. The parking lot is right near the offices, so we will gather there and get our marching orders.

Please contact Joyce Elliott joycelindahlelliott@gmail.com or 630-363-7020 or if you plan to attend. We'll give LOMC our headcount a few days prior to July 9th, just so they can feel ready for us.
