AUVSI CASCADE CHAPTER PRESENTS

SPRING SYMPOSIUM 2024

THURSDAY, MAY 9TH | HOOD RIVER, OR

From Air, Land, and Sea, You Won't Want to Miss Hearing from the Leading Innovators and Users in Autonomous and Robotic Systems.

OUR INCREDIBLE LINEUP OF SPEAKERS INCLUDES:

- **Special guests from the *FAA and Department of Homeland Security!***
  - The **FAA** will address Private Industry Collaboration and Advancing UAS Integration.
  - The **Department of Homeland Security** will discuss how security partners can assist with integrating UAS into the National Airspace System (NAS) while protecting against nefarious operators.
- Hear from a panel of technology innovators and leaders, including **Insitu, Overwatch Imaging, Aerovel, Hood Technology**, and others.
- **Teledyne FLIR** will discuss running high-performance AI and computational imaging on the edge at less than 5 watts.
- Experience **Booz Allen Hamilton's** newest AR/VR Training Tools for Underwater Drones (UUV).
- Hear what's new at the **Pendleton UAS Test Range**, including the new Accelerator Program and its opportunities for your business. Learn about cutting-edge projects from **Near Space Corporation** and the **Tillamook UAS Test Range**.
- The **Washington** and **Oregon Departments of Aviation** will share how Oregon and Washington work together to drive Advanced Air Mobility (AAM) forward and other essential initiatives.
- Learn how you can benefit from information about the small business services and grant programs offered by **Business Oregon** and the **Washington State Department of Commerce**.
- **Fire Chief Jeff Pricher** and **Timberland Helicopters** will share important information about their UAS public safety initiatives, including training, certification, and response operations locally and nationally.
- Learn about **Birdstop's** remote sensing platform, which allows users to centrally command a network of Beyond Visual Line of Sight (BVLOS) drones that enable real-time, high-resolution data collection at scale.
