At Chicago School Site

PICKETS CLASH WITH POLICE

Negro Comedian Arrested Twice

CHICAGO (UPI) — Integral demonstrators and police clashed in a tumultuous melee during a "toy-down, sit-down, bored-down" protest at a mobile school site on Chicago's South side Monday.

Pickets charged police fired and rocks flew from a crowd of demonstrators and their heating supporters as the previously non-violent protest turned to violence.

Police employed batons, hand guns and tear gas, and arrested 11 Negroes on the charges of rioting and conspiracy.

The特色 maneuver was launched by demonstrators in a West Side Chicago neighborhood where the Federal government plans to locate a "chassis" for Negroes and other displaced persons.

Police said the crowd numbered about 200 and consisted of Negroes and whites, including non-voting women and children.

The sit-in continued for about 30 minutes.

Next stop, a farm north of Madison

Earlier today federal agents arrested two Negroes in a "sit-in" protest at a Madison, Wisconsin, farm which has been the scene of racial controversy.

The arrests, the first made at the farm, were made by Federal Labor Department officials acting on a warrant.

The Negroes, a man and a woman, were arrested on the charge of interfering with the operations of a farm owner, who has been denying service to Negroes.

The warrant was issued on the basis of a complaint by the farm owner who has previously refused to employ Negroes.

The farm is located on the outskirts of Madison and is owned by a prominent business man.

The sit-in was launched by the Negroes in an attempt to force the owner to employ Negroes on the farm.

The sit-in continued for about 30 minutes.

good morning

Two Racine Sisters Lose Lives in Lake

Racine, Wis. — Two Racine sisters lost their lives in the cold, dark waters of Lake Michigan yesterday.

The bodies of Rose Marie Droste, 20, and Sandra Droste, 15, were recovered by authorities.

Both bodies were removed from the lake by authorities.

Police identified the victims as Rose Marie Droste, 20, and Sandra Droste, 15.

The sisters were reported missing while swimming in the lake.

Fire Chief Russell Anderson said the bodies were found near the mouth of the Big River.

The bodies were removed from the lake by authorities.

good morning

Greyhound's Legs May Stretch More

The city has been left without Greyhound bus service.

Greyhound has been putting up new, modern terminals in several other areas, none is planned for Madison in the foreseeable future.

The Madison terminal is located in a small, old building and is not equipped to handle the volume of traffic that is generated by the present facilities.

Some passengers complain that Greyhound is not filling the demand for service.
