

# Virtual Stitch Groups for the Purl's Community

June 2020

Dear Purl's stitching community,

Our **Virtual Stitch groups** continue on Zoom as we seek to protect one another during this Pandemic. These are based on our usually in-person stitch groups that happen at our store on Monday and Wednesday mornings and Thursday nights. Please join us at whatever of these times work for you, regardless of which one you might or might not have gone to before. Special thanks to Karen Baldwin, Kim Coyne, and Michael Harrison for organizing these! Read below for details.

## Tips for Zoom Virtual Stitch Group users:

- [Download and set up the ZOOM app](#) to your computer or mobile device. As an attendee, Zoom is free.
- All users will be muted with video off at entry. So, each user will need to turn on their video camera and unmute themselves to talk. This will help with background noise. Note: when you first enter, you will be required to select the audio through your device or telephone. You will likely want to select your device.
- Please sit close to the microphone for your device, since this will make it both easier to hear you and cut down on background noise. If you have a headset with a microphone, that would be the best option.
- There is a chat feature that will allow you to participate in a group text chat with everyone, or just a subset of people in the session.
- You will also have the ability to share your screen with the group if you want to show the Ravelry page for your pattern, etc.
- The links below will work for all the sessions they are listed under through the end of May. If we need to continue virtual sessions, we will provide a new link for the next set of sessions.

On the next page are the recurring invitations for our weekly stitch groups (listed by day). These will run through the beginning of September at which time we'll reassess and renew as necessary.
