

We as a school are honored that you would consider us as an educational option for you and your family. Please know that we do not take this potential responsibility lightly and will do all we can to provide the best possible Christ-centered education to your child.

**“At LRA we are committed to preparing our students for both their plan and purpose in life, using dynamic and engaging teaching methods...”**

At Living Rock Academy we are committed to preparing our students for both their plan and purpose in life, using dynamic and engaging teaching methods at all grade levels designed to explain both the “what” and the “why” in each learning opportunity. Giving students additional “hands on” learning opportunities, in conjunction with our traditional classroom program is a centerpiece to our educational approach at Living Rock Academy.

Thank you for considering Living Rock Academy and we hope to be able to serve you and your family in this important area.

#### ACADEMIC FOCUS

Living Rock Academy promises to provide all students with the opportunity to grow academically in preparation for their desired plan (vocation) in life. Whether it is the initial process of learning how to read and write in our PreKinder programs or helping our HS students gain admittance to their desired college or university, Living Rock Academy is here to help you and your family each step of the way.

#### SPIRITUAL EMPHASIS

Living Rock Academy is an unapologetic Christ-centered Pre-K4 through 12th grade school that is committed to preparing our students for their purpose (why God put us here), as well as their plan in life. From our daily Bible classes, to our weekly chapel services and regular outreach programs that teach our students to actively be the hands and feet of Christ, students of all ages are given the opportunity to make their walk with Him real and personal on a day to day basis.

#### REAL LIFE APPLICATION

Living Rock Academy realizes that ultimately we are here to help prepare our students for the world that they will enter once they leave our school. As critical as developing our students through the rigors of our academic program is, it doesn’t serve much of a purpose if they can not take that information and translate it to applicable ways to better themselves personally as well as those in their community. Using both hands-on learning opportunities as well as engaging our students’ critical thinking abilities, Living Rock Academy seeks to help fully prepare our students for God’s plan for their lives.
