

COMMITTEE MEETINGS

HOA2 ARCHITECTURAL & LANDSCAPING COMMITTEE:

Contact Information: 520-879-4155 askhoa2alc@sbhoa2.org

- **With all the wet winter weather and now warming temperatures - weeds** are popping up earlier than usual and the ALC is receiving weed complaints. Now is the time to break out the weed killer for those that have popped up and to use weed pre-emergent control for those future weeds. SaddleBrooke residents are reminded that weeds in your yards need to be eradicated whether you are in residence or not - plan accordingly.
- **ALC ISSUING PERMITS:** with a few changes. [Click here for more information](#). Please allow 5 to 7 business days from the date of submission for ALC Permits to be issued.
- **When filling out ALC Permit Applications, please fill out completely, legibly, and print out.** Provide as much detail as possible including any photos, drawings, and notes. Failure to do so could slow the process down and create's extra calls from the ALC Volunteers when information is missing or not legible.
- **Paint colors are available On-Line!** [Click Here for more](#)
- **Contractor Evaluations:** [Click Here](#): Login will be required.
- **Thinking about installing backup power on your property?** Here is a link that gives you great information on an alternative backup power source. **Click here** www.solarreviews.com
