Experienced leader seeking to apply the skills and experience gained during my professional career to advance SaddleBrooke #2 in a way that is fiscally responsible while preserving well-established community amenities. I want to use my legal and analytical skills along with my attention to detail to examine strategic options and determine the best course of action for the community.

Relevant Professional Experience	*Group General Counsel – 2010 to 2015* *Johnson Controls, Building Efficiency Unit, Global Energy Solutions* Responsible for structuring complex documentation for energy efficiency construction projects on a global basis.
	EVP & General Counsel, Corporate Secretary – 2002 to 2010 *Frontier Airlines; Midwest Airlines* Executive officer with direct responsibility for legal compliance in a highly regulated industry; in charge of board compliance with publicly traded company governance requirements and shareholder obligations.
Board/HOA Experience	*Chair, Water Task Force – 2025 to 2026* *Saddlebrooke Homeowners' Association No. 2, Inc.* Reviewed docket filings in water and sewer rate cases; calculated financial impacts to the community; worked with members to understand water use in the community and recommend water management and conservation strategies.
	District Representative, Town Board – 2018 to 2022 *Town of Windsor, Colorado* Analyzed suggested town policies and regulations; completed the budget review and approval process for four years with budgets of over $100 million and 5-year Capital Improvement Plans of over $30 million. Completed Colorado State's University's Water Literate Leaders program.
	Board Member – 2016 to 2018 *Water Valley Metropolitan District #2* Oversight of an entity with taxing authority responsible for managing water rights, non-potable water system, and common area maintenance; annual budget of $15 million to $20 million with significant capital planning.
	Board Member and President – 2015 to 2018 *Water Valley Homeowners' Association* Member and President of an HOA Board that took control after developer turnover with a need to establish all-new policies and procedures for community management.
