Peggy Bruce

Position Self-Nominating for: At Large Member

Peggy's history of service:

I have taught VBS at my former churches Our Redeemer Lutheran Church in Wauwatosa and Grace Lutheran Church in Menomonee Falls. I also enjoyed assisting in my children's classrooms while at Grace. I have been a Bread of Life Baker and filled in at the church office when needed here at St. John's. I have been a member of the Leadership Board the past 6 years. This past year I was the Treasurer. I am a trained Lay Leader, currently leading a Life Group here at St. John's.

Specific skills Peggy would bring to the Leadership Board:

I have a business and education (teaching) background prayerfully intending to serve the Lord by continuing serving St. John's on the Leadership Board.

Why Peggy desires to hold a position on the Leadership Board:

I feel that remaining on the Leadership Board for one more term will assist with the continuity of Board actions and activity during this challenging phase in our society relating to Covid 19 and all the unrest, so that ministry and connections can be restored and refined as we reopen our doors, our programs and our groups within St. John's.

Stan Dobler

Position Self-Nominating for: At Large Member

Stan's history of service:

I have been an elder at two different churches for a total of twelve years.

Specific skills Stan would bring to the Leadership Board:

I can only speak of spiritual gifts which I have been told by others of possessing - teaching, preaching and wisdom.

As St. John's progresses through the visioning process, I believe God will direct the members of the congregation and members of the Leadership Board toward where He wants St. John's to be. Communication with Him and with each other will be key. I believe the church belongs to God. We as members of the body have a responsibility to use our God-given gifts to serve Him, which would mean seeking HIS Will daily.

Why Stan desires to hold a position on the Leadership Board:

I'd like to serve Christ and His church. I have been asked to consider serving in this capacity. I am not pursuing this personally but was encouraged to by other members of the board. I hesitate because of the leadership class requirement, which I have not fulfilled. I also am new to the congregation and do not know many members.

Jill Krell

Position Self-Nominating for: At Large Member

Jill's history of service:

Throughout my years from little on at St. John's I have been involved in teaching Sunday School, various church choirs, handbells, taught Sunshine Hour, was on the Principal search committee when Mrs. Oldenettel was called, member of the Auction committee for one year, assisted doing activities with children during Discipleship hour, have volunteered with other church members at the Milwaukee Rescue Mission, & host events at our house for bash & Tag. All three of my children have attended St. John's School so I have also been an active volunteer for various school activities/events.

Specific skills Jill would bring to the Leadership Board:

I have held leadership positions on various professional and work-related boards. I hold a Doctorate of Nursing which has a leadership focus which has prepared me to lead in all aspects of my life. In my work position I love organizing volunteer activities, for example I lead a mission trip to Mexico for our nursing students and twice a year I collaborate with Children's Service Society to organize a Respite Event for children with special needs. I am outgoing, personable, and would be very open to speaking in front of the congregation if I was asked.

Why Jill desires to hold a position on the Leadership Board:

I am passionate about my faith as well as my church family. I was baptized at St. John's and I have continued to be an active church member throughout my life. One desire I have is to see St. John's flourish as a church and assist the church in spreading the gospel in the community by connecting, caring, and sharing in Christ.
