# What is the Interested Vendors List (IVL)?

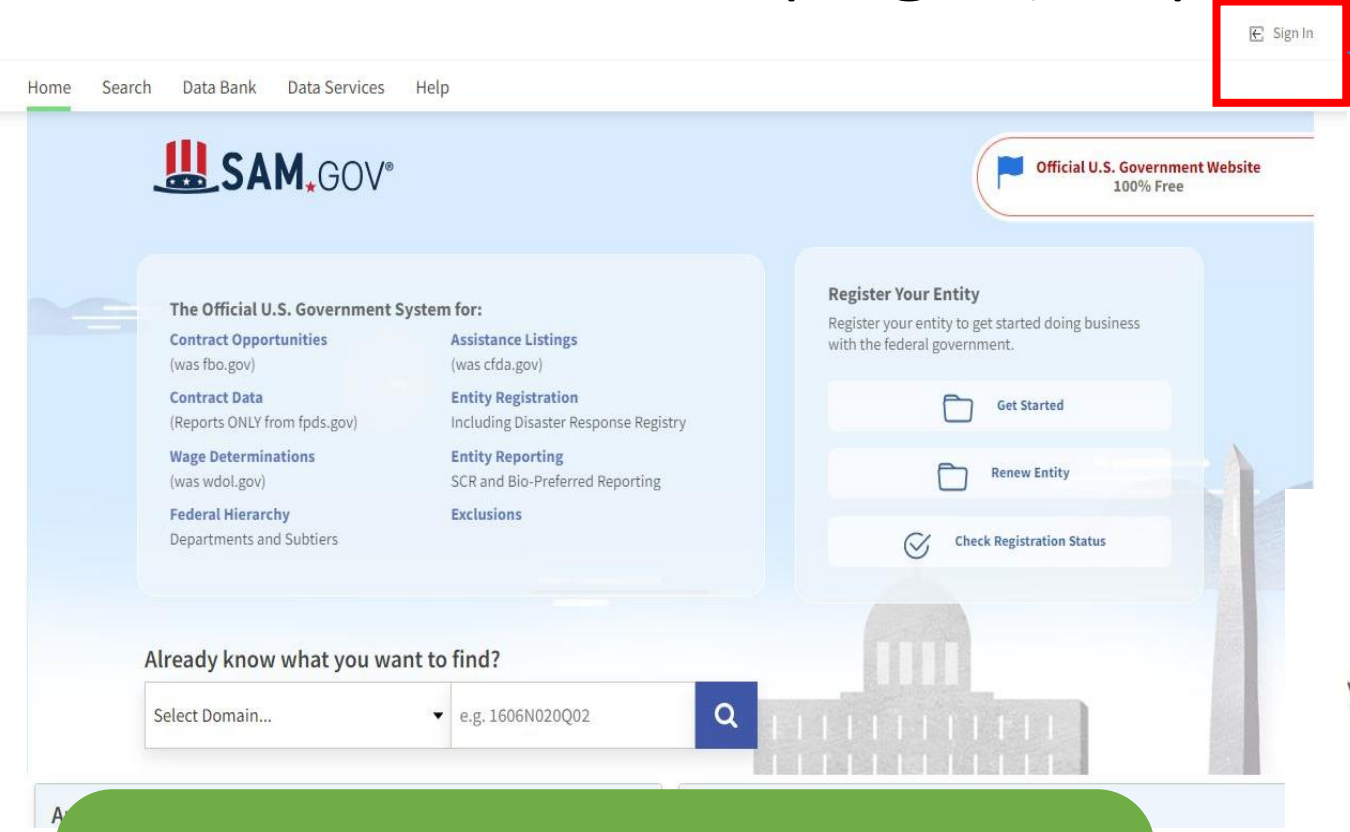

The intent of the Interested Vendor List (IVL) feature is to collect a list of vendors interested in competing for the opportunity or vendors interested in subcontracting opportunities. The contracting officer is the only person who can determine whether to include an IVL and the view settings for an IVL.

## How do I get on the IVL?

- You must have an account in SAM.gov and your account must be associated with your entity's DUNS Number / CAGE Code from its registration in the System for Award Management (SAM) (<https://sam.gov>).

- **It is important to realize that every IVL will be tied to a notice!**
- **If you are interested in receiving notifications about a notice you need to take action in SAM.gov!**
- **If you wish to be added to the IVL you must take action in SAM.gov!**
- **If the government contracting officer has made the IVL public, others can see that your entity is on the IVL!**
