

Kids' opinions wanted!

Students in grades K-5, would you like to choose the book that wins the California Young Reader Medal Award?

Many AUSD teachers and librarians are already sharing these wonderful reads in the classroom, but students and families can also access these books on the AUSD Reads website!

Using your student's school log-in, visit Classlink and find the icon for AUSD Reads. Listen to school librarians reading the books and then vote for your favorite using the form linked there (check with your teacher first in case you will be voting as a class).

Which one will be YOUR favorite?
