# Seabrook Science Magnet Program

## 5th Grade

### Information Meetings

Is science your 5<sup>th</sup> grade student's favorite subject? If your 5<sup>th</sup> grade student has a passion for science, then he/she might be interested in learning about Science Magnet Program at Seabrook and Brookside Intermediate schools. All 5<sup>th</sup> grade students in the CCISD school district are eligible to apply to the Science Magnet Program for their 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup> grade years.

There will be student and parent information meetings to learn about the Science Magnet Program, the application process, and ask questions.

**The same information will be presented during every meeting at each intermediate school. You only need to attend ONE meeting. The meeting is for both parents and students.**
