

# Your Voice Counts!

Make your voice heard at the March 18 League planning meeting where you and other League members decide on what we do for 2024/25. The League is a “bottoms up” organization where members have the voice and the power to decide on actions and education.

Our planning meeting is March 18 - 5:30 pm social, 6 pm meeting at the Fletcher Library, 823 N. Buchanan. Free parking is available in their lot and on the street.

You, and other League members, will be asked for input in two different areas:

1. Review and provide input on the Proposed Program of Work for the next fiscal year 2024/25.
2. Identify and select nine (9) monthly meeting topics for our monthly membership meetings, typically held the 3<sup>rd</sup> Monday of the month. Topics are needed for July – January, April, and May. (February is LWV Birthday Celebration, March is Program Planning, and June is Annual Meeting). Note that July – October meetings could focus on November election issues/actions, including ballot initiatives.

**Please make time for this important meeting that lays out our work for the next year.**
