

## WE ARE HERE FOR THE CONSTRUCTION/BUILD COMMUNITY!

You are the lifeblood of our economy. Your business is considered essential and we agree. You're out there every day, we see you and it gives us all hope that soon this will pass. You are heroes and we are here to support you!

**LEVEL 10 TECHNOLOGY WILL HELP YOUR COMPANY STAY CONNECTED AND YOUR STAFF WORK FROM HOME**, if you have a need. Even if you work with another IT provider, we can assist you with remote access through 5.1.2020. We have extra remote access licenses to donate you. If you need guidance on setting up your phones, security concerns, or virtual meetings to communicate with your team, or if you even just need another business owner to bounce ideas off of, we are here. Seriously, there is no obligation or cost associated with our offer. We have limited number of software licenses available, and we will do our best to serve you during these times. Call us if you need help at 931.645.2322, or email [jdenney@level10.com](mailto:jdenney@level10.com). Thank you and stay safe.
