

## Three more Healthy Boundary trainings this summer

The Committee on Ministry sponsors workshops on healthy boundaries in ministry including financial, social media and relationship boundaries as well as sexual misconduct prevention and child and youth protection. These events strengthen and refresh skills for all presbytery leaders as well as comply with the policies of the Presbytery and the Book of Order. **All leaders – ministers of Word and Sacrament; Certified Christian Educators; Certified Associate Christian Educators; Commissioned Pastors; candidates, inquirers, and supply preachers including Authorized Lay Preachers; officers and employees of the Presbytery; members of committees, councils and commissions** – are required to complete a Healthy Boundary Training Workshop. *The Book of Order requires that training be completed every 36 months.*

The Committee on Ministry and the Vocations Committee are tasked with implementing this updated requirement. There are three more opportunities for leaders to receive the required training led by Susan Sharp Campbell and Maureen Wright. There is no cost and lunch will be provided.
