

Dear Emanuel B'nai Mitzvah families past, present, and future,

We are looking to you to help us create our next exhibit in the lobby display case at The Emanuel Synagogue.

As one of the themes of the 75th Anniversary of Israel's founding, we are examining the concept of Repair the World/Tikkun O'lam, and the ways in which our students have expressed this through their various Mitzvah projects.

We would love to spotlight your student and their project! If you are willing to participate, we are asking you to provide a few items that represent your student's Mitzvah project for us to display in the case next to a photo (optional) and the student's name and Bar/Bat Mitzvah year. Even if you just have the description of the project, whatever year it was, but no longer have the representative materials, perhaps we can find some items that would tell the story. For example, if they volunteered at a food pantry and donated items, perhaps we could use an empty cereal box and a few cans to represent what was donated.

This is an opportunity to spotlight our students and inspire those in the future. We hope you will help us with our project. **We would like to have it all in place by the first of September in time for the High Holidays, so please send us the information as soon as possible.** We will arrange for pick up or drop off of your items.

Please let me know if we can count on you.

Thank you,

Judy Silver
