Israel at 72 – Is This the Child We Prayed For?

Please join the Adult Education Committees of Congregation Beth Israel and The Emanuel Synagogue as they welcome Herb Keinon, an American-born journalist for the Jerusalem Post, for a provocative discussion on Israel at 72. Israel in 2020 is definitely not your grandmother's Israel. It has lived up to some of our dreams, but not all of them. Keinon, who has covered the country for The Jerusalem Post for the last 35 years, looks at what Israel is, and what it isn't -- 72 years after independence.

Registration is required. All registered participants will be sent the Zoom link the day of the program by 5:00 p.m. [CLICK HERE](#) to register
