
ISPE CaSA Tech Show - Call for Abstracts

Date of Event: February 25th, 2025, 8:00 am - 6:30pm

Location: Raleigh Convention Center, 500 S. Salisbury St., Raleigh, NC

Deadline to Submit an Abstract: Friday, November 1st, 2024

Conference Overview

We are excited to host our 32nd Annual Technology Life Sciences Show at the Raleigh Convention Center on Tuesday, February 25th, 2025. The ISPE CaSA Tech Show focuses on aligning the future of pharmaceutical sciences and manufacturing as the industry becomes more global, synchronized, digitalized, and quality driven. This signature event draws pharmaceutical and biopharmaceutical professionals at all levels of the industry from students and emerging leaders to senior executives in drug manufacturing, supply chain, devices and equipment and services, and regulatory agencies. We invite proposals for compelling educational sessions.

Over the last few years, this event has continued to grow to record sizes – this year will be no different! A large part of this event is focused on providing Industry-relevant presentations that will engage the event attendees. As such, the Tech Show committee would like to welcome you to participate at the 32nd Annual ISPE CaSA Tech Show in Raleigh, NC to learn and share progress, success stories, best practices, and lessons learned.

Presentation Expectations & Selection Criteria

The driving criteria for presentation selection include:

- **All presentations will be considered, but preference will be given to sessions that contain a Drug Manufacturing employee presenter and specific case studies.**
- Demonstrated innovation in a current industry hot topic.
- Engaging presentations that can hold audience attention (sessions that require audience engagement and participation are highly desired);
- May utilize a single presenter, multiple presenters, or a panel format. If a panel method is selected, the panel should consist of 4-8 participants, including a moderator.
- Presentations **must not** be designed for marketing purposes and must be free of references to specific vendors, products and/or services. They should be non-commercial and non-proprietary.

Types of Presentations:

Presentations last around one hour (depending on the topic and number of presenters) and are typically given in one of the following formats:

- **Technical Presentations**
- **Case Studies**
- **Innovation & Problem Solving**
- **Panel discussion**

Key points to include in your abstract submission

- Plan to develop and lead a full hour-long session
- Explain how your presentation will engage the attendees
- Include proposed topics and speakers/panelists/facilitators
- Explain what will be unique, innovative, or interactive in your session
