The History of For The Love of Blue

The Chicago Alumni Chapter of the Jackson State University National Alumni Association, Inc. established For The Love of Blue as a Jazz and Blues Scholarship Brunch in 2010. The idea for this signature fundraising event came from two of our outstanding chapter members, Carolyn Griffin Palmer and Carolyn Curry. Since its inception, the events held under our For The Love of Blue brand, have been the primary source of funding the chapter's scholarship program. The scholarship program awards one-time and recurring scholarships to qualified Chicagoland students.

Funding the scholarship program is the primary goal of this event. Consequently, we are unapologetic about our quest to secure these funds. We ask friends, family, peer alumni chapters, students and businesses to support us!

Support of this event is vital to us being able to help students from the Chicagoland area enroll and graduation from Jackson State University.

During the event, we honor several chapter members and/or community partners who aid us in fundraising or who have shown significant support for the activities of the chapter.

For the Love of Blue events have been held at various venues across the city and to date, we have honored 49 members as noted in the summary below! Thank you for enabling our culture of giving to students to continue! These things we do for The Love of Blue!

Dear Jacksonians:

I bring you greetings from the Jackson State University Department of Alumni and Constituency Relations, and I am elated to be a part of this year's Chicago Alumni Chapter Annual "For the Love of Blue" Scholarship Fundraiser. It is always a pleasure to see and feel the love and continued support of the JSU National Alumni Association, Inc. (JSUNAA) and its chapters.

With over 50 chapters across the country, the JSUNAA has the size, voice and giving potential to continue to elevate Jackson State to ensure bright futures for our students at the University and beyond! Your support is evident through our many awarded scholarships, attendance at University events, and our Alumni Participation Rate (APR) growth. As we position the University to attract and secure additional resources from external entities, it is imperative that we continue to work collectively to attain our new APR goal of 25% by 2025 and take Jackson State to new heights through recruitment, fundraising, and alumni engagement.

In closing, thank you for all that you do as alumni, and I ask that each of you remain involved in your local chapter, the National Alumni Association, Inc., and the University's activities and endeavors. Please remember that the Department of Alumni and Constituency Relations is here to connect, inform, and engage all alumni with "Thee I Love."

Greetings Alumni and Friends,

Welcome to the Jackson State University National Alumni Association (JSUNAA) Chicago Alumni Chapter, ***“For the Love of Blue XII: THEE Culture Continues: Shades of Blue”*** Scholarship Fundraiser.

It is with great pleasure that we honor four very special alumni today. Mr. Steven L. Gates aka “Kateye” is a Youth Advocate with over 25 years’ experience in being an activist, advocate, and administrator working with low-income families and at-risk youth. His passion for youth advocacy has garnered him National recognition. He has been seen on various National platforms which has allowed him to meet at the White House during President

Obama’s administration and speak at Harvard University. Mr. Lavell “Mystro” Love, is a dedicated member of the JSUNAA Chicago Alumni Chapter. He serves as the 1st Vice President and is known as the chapter’s resident DJ. Lavell currently works as a Senior Compliance Sales Representative with Stericycle, a leading medical waste and compliance solution company where he has earned top sales awards and numerous recognitions. Mr. Thomas Robinson has a passion for youth and the community. Thomas serves as the JSUNAA Chicago Alumni Chapter Student Recruitment Chair. Thomas is the Program Coordinator for TRIO at Kennedy King College, which assists children in Chicago transition to college from lower economic communities. Throughout Monique’s work history she has engaged with people and the community. Being elected as an Alderwoman allows her to take her passion for working and engaging with people and businesses to increase the resources in her Ward.

For the first time, we are honoring a community organization that supports the JSUNAA Chicago Alumni Chapter whenever asked and/or needed, the Co-Founders of the Chicago Football Classic, Inc. (CFC), Mr. Larry Huggins, Everett Rand, and Timothy Rand. CFC not only hosts annual HBCU Football Classics, but their events influence students and parents to consider the rich academic and cultural opportunities offered by Historically Black Colleges and Universities. In the last several years, they have awarded over \$250,000 to students attending HBCUs.

As you can see, our 2023 honorees dedication and accomplishments within their careers, community, and JSUNAA Chicago Alumni Chapter emulates Jackson State University mission of, “Challenging Minds and Changing Lives”.

Greetings Tigers,

It is with great honor and pride that I welcome you to our 12th annual For The Love of Blue Scholarship event on behalf of the Jackson State University National Alumni Association, Inc. Chicago Alumni Chapter (JSUCAC). As we pivot from various protocols related to COVID which required us to take a three-year hiatus from an indoor event, I am happy to serve my first year as the chair of this impactful event working along-side Ms. Teena Moore and Ms. Hazel Prentiss as amazing co-chairs. Over the last several months, we have been diligently working to ensure that you have a memorable and thought-provoking experience on how your support can make a lasting difference. We are proud of the work done over the last 12 years, providing over **\$190,000** in scholarships and supporting over **85** freshmen or returning students.

Today, we are pleased to honor our latest inductees into our honoree hall of fame: Mr. Steven Gates, Mr. Lavell Love, Mr. Thomas Robinson and Alderwoman Monique Scott. Our honorees were selected as a result of the impact they have made in their community, careers, student recruitment efforts, and support for JSUNAA.

As a proud class of 1992 graduate of JSU, I know first-hand of the variety of needs of students from off setting various costs such as room, board, and meals to assisting with purchasing books, computers and other necessities that are required as they navigate through stages of their college journey! So today not only will we honor JSU alumni, but we also recognize our “Golden Graduates”, current JSU students, various supporters and sponsors.

As we move through this afternoon, I encourage you to not only fellowship with your current friends, but offer a smile and introduce yourself to a new friend, and offer a word of encouragement to a current or future JSU student! Lastly, your participation in the raffle and silent auction will allow us to make an even greater financial impact on behalf of our Chicago area students! To offset various financial challenges, our students need our support now more than ever and from the bottom of my heart I thank you in advance for your commitment to help us help them!

- Reduce vacant lots and abandoned store fronts
- Work to improve the "food desert" in North Lawndale where access to grocery stores and healthy food are scarce or nonexistent
- Improve access to local jobs

Alderwoman Scott believes the residents of the 24th Ward deserve someone who has an extensive understanding of the community, and the resourcefulness to leave no stone unturned.

The legacy of public service in her family is something she is dedicated and committed to continuing..

The Chicago Football Classic, Inc (CFC) is a not-for-profit organization whose mission is to inspire African-American high school and college students through support for programs, initiatives, and events that increase awareness of opportunities to achieve educational excellence. CFC events influence students and parents to consider the rich academic and cultural opportunities offered by Historically Black Colleges and Universities.

In 1997, a small local group of African American businessmen - Larry Huggins, Everett Rand, and Tim Rand formed the Chicago Football Classic (CFC) as a not-for-profit organization dedicated to encouraging African American youth to achieve their personal best in school and beyond. Our initiative empowers them to not only complete high school but also attend Historically Black Colleges and Universities (HBCUs).

African American college students are known to fare better and graduate at higher rates from HBCUs, than African American students attending mainstream colleges and universities. The group achieves these goals via several initiatives, including adopt-a-school programs and most notable, scholarships for African American students planning to attend HBCU institutions.

With a scholarship program in place, the group knew that a platform was needed for the following:

- 1) Showcase the talents, potential, and accomplishments of scholarship recipients as well as the benefits of attending HBCUs
- 2) Encourage African American students and their families to lift the bar of excellence and achievement via a vehicle involving students, their families, and the entire community. That vehicle became known as the CFC, a weekend-long itinerary of cultural, educational, and other exhilarating activities.

The Voice of Thee Students

Kevin Barber Jr is a rising sophomore finance / accounting student at Jackson State University. He is a graduate of Bloom Trail High School with a 4.1 GPA. Mr. Barber is the first in his family to go off to college in make a change. Kevin spends his time influencing the youth to strive for greatness. He plans on working for a Big 4 Finance firms and potentially owning his own firm to advocate for low income families

Manu Kwarteng is a sophomore Phycology major at Jackson State University. Manu is currently a JSU Chicago Alumni Chapter Scholarship recipient. When asked about the importance of the JSU CAC Scholarship, Manu stated “ the Chicago Alumni Chapter scholarship gives students in their own area a chance to reach their goals. Often students that go to college out-of-state are forced to stay in-state due to out-of-state tuition costs. However, the Chicago Alumni Chapter of the Jackson State University National Alumni Association, Inc., made it possible for me to leave the state and achieve my dreams.”

Lauren Everett is an energetic and passionate junior working towards a Bachelor of Science Degree in Healthcare Administration at Jackson State University. She strives to expand her knowledge and education, and truly believes education is priceless and once gained, it can never be taken away!

Thank You to the Chicago Alumni Chapter Members and other supporters!

Entertainment: Dorothy Roberson

Dorothy Roberson is a singer-dancer from Dumas, Arkansas. After performing gospel music for over forty years, she ventured out to other genres of music and started doing songs that were popular and performed by some of her favorite female artists. Thanks to her huge variety of entertaining and engaging diverse audiences, Dorothy has received a lot of accolades with public and news media.

A singer who puts her heart and soul into each and every performance, her audience is always begging for an encore. Although Dorothy's roots were traditional gospel music, her repertoire has quickly expanded to include hits performed by greats such as Tina Turner, her main act, followed by Gladys Knight, Whitney Houston, Aretha Franklin, Etta James, Diana Ross, Donna Summer, Roberta Flack, Barbara Streisand, Celine Dion and Chaka Khan, to name a few in her performances around the City of Chicago and other U.S.

cities. It is her diverse ability to perform many songs that has made her a favorite with the Chicago public and featured articles in the Chicago Sun-Times, Chicago Tribune, WVON radio, WBBM radio and Chicago Timeout news publications.

Entertaining and motivating a variety of the public is not a new passion for Dorothy; in addition to singing at private events she has also been a repeat performer at university events, hospitals, corporate offices, supper clubs, and Summer Festivals and concert/theater venues. After a painful divorce that caused her to lose her income, home, car and other personal possessions, she decided to use her music skills to somehow regain some of the things she had lost. Audiences had encouraged Dorothy to sing songs performed by Tina Turner because of their striking physical resemblances and similar hardships in broken relationships. But it wasn't until performing on the streets of Chicago, notably State Street, in front of the Chicago Theater, and Macy's, is where she gained even more public recognition and love from the big crowd that gathered to see her each summer. Dorothy was singing for survival, and sought to heal herself emotionally, through performing the music of Tina Turner. She became a huge hit in Chicago as she performed with instrumental track on the streets, then progressed by performing with live local bands as solo front singer and that is when she decided to make music her life dream. All of the different music genres and personal struggles to survive after divorce have positively influenced the singer for who she is today. She talks candidly about the pain of a failed marriage that led her to discover the "Tina" from within.

Now back to her birthplace, Dumas Arkansas, a rural area of the south is where her love of music began, her love to perform for and motivate people flourished and her genuine care and concern to reach people through singing has grown. Chicago WGN Morning News, Channel 9 was the first TV media to showcase her Tina Turner impersonation. In 2016 Dorothy was interviewed and performed live on Chicago's Fox News Channel 32, "Good Day Chicago." Dorothy has opened up for the Temptations, the Chi-Lites, and most recently Jeffrey Osborne at the South Shore Summer Festival. Dorothy is sharing her time speaking about her beginning as Tina Turner and enjoying nature and preparing for her next gig. Based on the reception of her latest shows, the future looks promising!
