

Constructing Safety Leadership Awards

Recognizing safety excellence in Saskatchewan construction

About the awards

Each year the Saskatchewan Construction Safety Association (SCSA) acknowledges individuals and companies throughout Saskatchewan for efforts given to promote the SCSA's mission and vision of creating the safest construction environment in Canada.

Winners and finalists benefit from peer recognition, professional achievement, and exposure that they can use to self-promote as leaders in construction safety.

Awards Categories

Three categories recognize member companies and employees for their dedication, outstanding contributions, commitment to health & safety, and leadership in the industry.

- **Corporate Leadership** for a company
- **Safety Leader** for an employee in a senior role
- **Safety Practitioner** for a field or office employee

Awards Criteria

All nominees must be from SCSA member companies working in building construction.
