It finally feels like spring has sprung and with it, we sprang into our new brand.

While we made some changes during the past couple years, Dynamic Core Benefits remains the same company with the same local service you have come to rely upon. You may notice we have a fresh new look and new website! Check us out at www.corebenefits.ca

About our new look

Last May, our management team purchased Leipert Financial Group and started the process of aligning our vision to create certainty for businesses and families across the prairies.

The 'C' represents Core Benefits and the 'L', represents Leipert Financial Group. The plus sign symbolizes health, growth and positivity.
