SCSA Safety Advisors have access to a series of new, computer-generated reports on SCSA member companies through a product called SCSA Analytics. These reports review several areas of a company safety program. This basic service is offered to SCSA members at no cost.

SCSA Safety Trainers and Advisors work with thousands of companies to improve construction safety. This experience contributed to the creation of a mobile app to assist SCSA members with legislation, hazard assessment and locating medical facilities. SCSA members can download the app on google play or the app store

The Government of Saskatchewan has made a number of updates to Occupational Health and Safety regulations which refer to a CSA standard for First. The standard is available here: https://community.csagroup.org/docs/DOC-111742

To book a time with an SCSA Safety Advisor for any of the above updates please call 1-800-817-2079 or send a message to scsainfo@scsaonline.ca.
