All those suffering as a result of the COVID-19 pandemic

May the living enjoy long life and good health, and may all their obstacles be dispelled.

May those who have passed away take rebirth in the higher realms.

May all swiftly journey through the stages and the paths without obstacle.

Please note that prayer lists will not be read aloud during online practice sessions. Instead we ask the worldwide sangha to pray for these beings during your practice sessions.

A Special Note: Venerable Gyatrul Rinpoche and our other teachers have taught that it is customary and beneficial to make a monetary offering on behalf of those for whom we are requesting prayers. This act of generosity protects those beings from accruing karmic debt and increases their connection to the blessings of the practices. The amount doesn't matter—the important thing is the connection that is being made. If you would like to make an offering on behalf of those you have named, you may offer to your own local dharma center as a representation of the sangha community; or you may offer to Tashi Choling as the host of this worldwide prayer community at the link below:
