

Raising Resilient Kids!

Strong, healthy relationships create resilient, healthy children. One of the Amador Child Abuse Prevention Council's main goals is reaching out to parents and caregivers, ensuring that they are supported - *stopping abuse and neglect before it happens*. In 2018 there were 57 substantiated cases of child abuse or neglect in Amador County. The Council is asking for your support to help provide free trainings, education, and outreach events that value children, strengthen families, and engage our community.

You can help! Please consider making a donation and make a difference in a child's life.

Please make your donation using a separate check payable to: AMADOR COUNTY CHILDREN'S TRUST FUND and mail it with your property tax payment, or mail it directly to ACAPC, PO Box 815, Jackson, CA 95642.

Thank you for supporting Amador's children and the many people who care for them.

For more information about the Council, please visit www.amadorcapc.org or call 209-223-5921.
