Pinwheels for PREVENTION

Pinwheels symbolize a happy, healthy childhood.
Every child deserves a good one!

- Apr. 1** **Children's Flag Raising** ~ The Child Abuse Prevention Council will be raising the California Children's Flag here at our office on Monday, April 1. We will be joining counties throughout the state to honor our children all month long, and to remember why we do the work we do!
- Apr. 5** **Wear Blue Day** ~ On Friday, April 5th, folks across the US will band together to make a visible commitment to preventing child abuse - and helping make great childhoods happen nationwide - by wearing blue. Post a picture of yourself, your group of friends, your family or your co-workers wearing blue on our Facebook page:
www.facebook.com/AmadorChildAbusePreventionCouncil
- Apr. 11** **Kids Day at the Capitol** ~ Thursday, April 11th, 10:00am - 2:00pm, a fun-filled, educational event with lots of free activities for kids! The event will include guest speakers, performances, and various activities for youth and children.
- Apr. 27** **Celebrate Our Children** ~ Saturday, April 27, 11:00am - 2:00pm, celebrating our children for 21 years! This year's event will feature exciting activities, food, a car seat check, petting zoo, entertainment, and fluoride varnishes! Everything is FREE!

All Month Long:

Pinwheel Gardens ~ The pinwheel has come to serve as the national symbol of the great childhoods we want for all children. Throughout April, planting pinwheel gardens in honor of children in communities nationwide demonstrates how we can all support children and promote ways to make healthy and happy childhoods. Visit pinwheel gardens all month: in Ione at the corner of Preston Lane and Sutter Ave.; in Pine Grove at the Pine Grove Park; at Little Oak Learning Center at the Jackson Rancheria; and in Sutter Creek at the Health and Human Services building.

Knitting for a Cause - Period of Purple Crying ~ We are still collecting purple caps to help spread the word about the Period of Purple Crying to new parents! Find starter yarn and all information you'll need at KVG Radio in Jackson all this month!
